

SMART SOLUTION FOR LIVING CONTAINERS

SPECIALIST FOR MODERN AND SMART CONSTRUCTION

Victory marine d.o.o is a group company specializing in the design, production, marketing and construction of innovative solutions, this presentation deals with prefabricated container houses for office buildings, apartments, canteen, toilet and shower unit, warehouse, guard house and similar purposes.

It is very flexible in design; you can use it as a basic module and combine them together to get a bigger and more flexible space.

Up to 2 floors can be built!

MODEL - DETACHED CONTAINER HOUSE

The separate container has an advantage in installation and transport.

All you need is a wrench and screws during the installation process. A forklift and crane are not required. All materials are prefabricated and assembled on the construction site.

It is very economical to transport. One 40HQ container could load 15 units and one 20GP could load 6 units

Optionally, we can provide a service for upgrading, assembling and equipping containers.

THE POSSIBILITY OF ORDERING ONLY A FRAME WITH A ROOF

Whether for private users or professionals from the construction sector, in addition to the complete construction of a residential container, we also offer you the option of ordering only a frame with a roof at an extremely affordable price. In this way, you can choose and procure other elements yourself, such as wall panels, windows, doors, etc., and configure and build the container.

Wind-resistance 11 grade, roof load 80kg /m2, seismic resistance 8 grade, floor load 150kg / m2
