

SMART SOLUTION FOR LIVING CONTAINERS

PROJECT FOR OFFICES IS REALIZED

We are proud of our latest realized container solution on the first level! The ground floor consists of four offices with one working area, a dressing room, a small kitchen and separate m/f toilets, and the first floor is consisting of a large conference room.

MODERN BUILDING WITH COMMERCIAL OFFICES

A modern solution for office spaces with a painted glass front that provides a mirror effect, thus providing protection from the view to the interior and ensuring the privacy of employees. The windows open on ejection.

Wind resistance 11 degrees, roof load 80 kg/m², seismic resistance 8 degrees, floor load 150kg/m²

THE NEWEST POSSIBILITIES

- Connection to the 1st floor with an internal spiral staircase
- New windows with integrated blinds
- Roof structure for the container
- The top of the container can be turned into a terrace
